

18. Brief instructions for installation

These brief instructions do not replace the installation and operating manual.

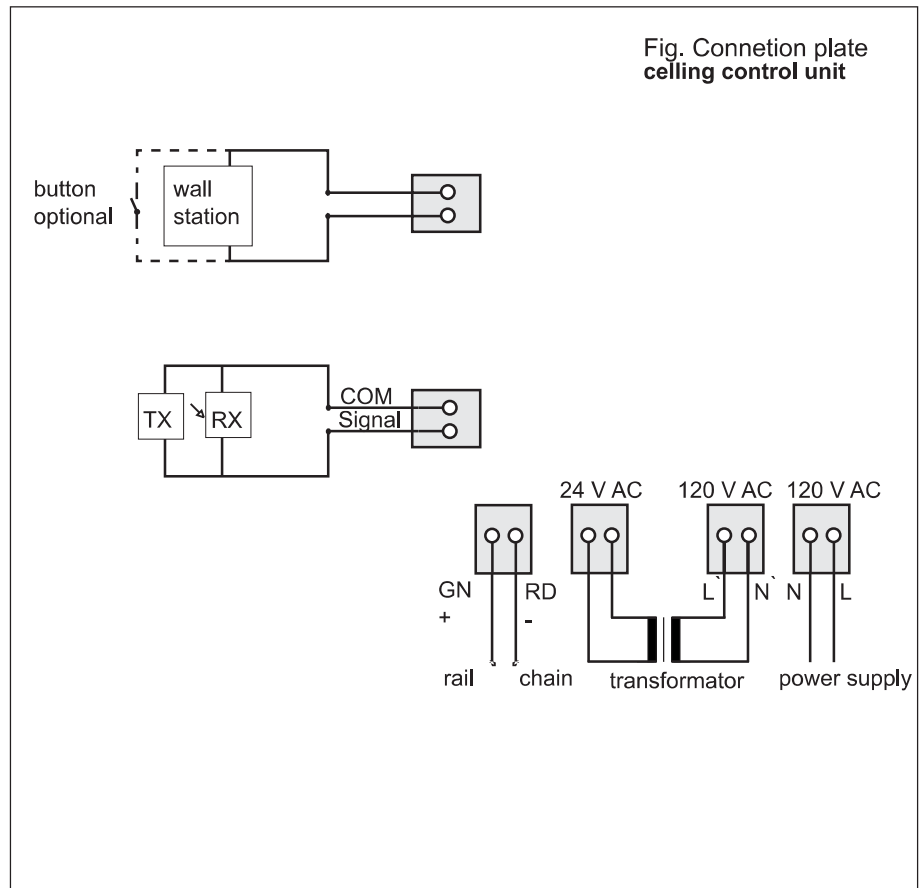

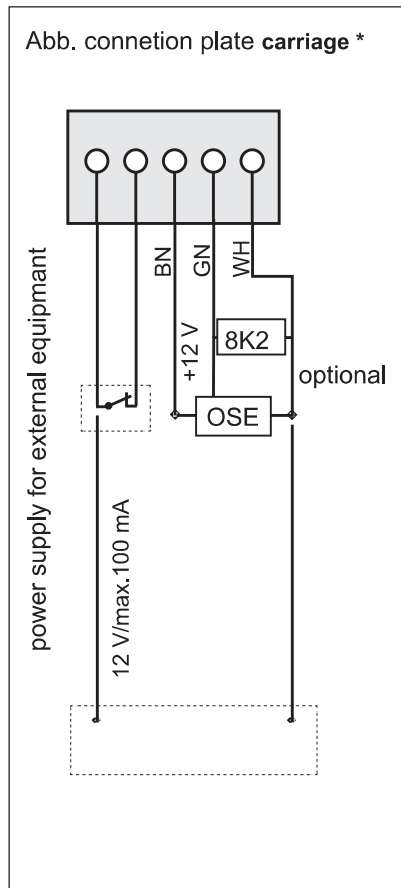

Read this installation and operating manual carefully and, most importantly, follow all warnings and safety instructions.

This will ensure that you can install the product safely and optimally.

19. Connection diagrams and functions of the DIP switches

DIP switches on the carriage	ON	OFF 
	<ul style="list-style-type: none"> Automatic closing function activated 	<ul style="list-style-type: none"> Automatic closing function deactivated
	<ul style="list-style-type: none"> Partial opening activated / Lighting function deactivated 	<ul style="list-style-type: none"> Partial opening deactivated / Lighting function activated
		
		

DIP switches on the ceiling control unit	ON	OFF 
	<ul style="list-style-type: none"> "Conex" additional circuit board Button 1 defined door OPEN Button 2 defined door CLOSE 	<ul style="list-style-type: none"> "Conex" additional circuit board Button 1 pulse sequence Button 2 lighting function / partial opening
	<ul style="list-style-type: none"> Door status display relay is activated during door movement and if the door is not closed Door status display 	<ul style="list-style-type: none"> Lighting function
